optimizing SQL code and Stored Procedures, creating functions, views, triggers and indexes. Cloud platform: Worked on Microsoft Azure cloud services like Document DB, SQL Azure, Stream Analytics, Event hub, Power BI, Web Job, Web App, Power BI, Azure data lake analytics(U-SQL)

### WORK EXPERIENCE

#### Software Engineer

Neosoft – Mumbai, Maharashtra

June 2021 to Present

As a full-stack software developer for the past 2 years, I have been responsible for developing, testing, and maintaining web applications using the .NET framework. My main responsibilities have included:

Collaborating with cross-functional teams, including designers, project managers, and other developers, to develop software solutions that meet client requirements and business objectives

Designing and implementing front-end interfaces using HTML, CSS, and JavaScript, with a focus on responsive design and user experience

Developing back-end services using C# and .NET, including building RESTful APIs, integrating with third-party services, and managing databases using SQL Server

Writing and executing unit tests, functional tests, and integration tests to ensure high quality and maintainability of the codebase

Participating in code reviews, providing feedback to other developers, and incorporating feedback from peers to improve the quality and consistency of the codebase

Utilizing agile methodologies, such as Scrum, to manage project timelines, track progress, and collaborate with stakeholders

Staying up-to-date with new technologies and industry trends, and applying that knowledge to improve the development process and enhance the overall quality of the product.

Overall, my experience as a full-stack software developer has allowed me to develop a strong foundation in both front-end and back-end development, and to gain expertise in the .NET framework and related technologies

### EDUCATION

Indian Institute of Technology – Mumbai  
2021

#### ADDITIONAL INFORMATION

- Excellent analytical, problem solving, communication, knowledge transfer and interpersonal skills with ability to interact with individuals at all the levels
